STUDENT ASSISTANT POSITION

The German Center for Neurodegenerative Diseases (DZNE) is a unique non-university research center dedicated to the subject of dementia and all its facets, as well as other neurodegenerative diseases. The DZNE stands for excellence in research and science management, translation of scientific results into practice, interdisciplinarity and internationalization. With over 1000 employees from 55 nations, spread over 10 sites in Germany, the DZNE is one of the leading research centers in the field.

What we are looking for:

Position: **Student Assistant Position**

Start date: October 1, 2020 (with the possibility of later start dates)

Location: German Center for Neurodegenerative Diseases, Magdeburg

Who we are and what we do:

Products: Cognitive Neuroscience research on aging and dementia (www.wolberslab.net)

Team: Aging and Cognition Research Group: Interdisciplinary research team including cognitive scientists, psychologists, biologists and physicists

Industry: Healthcare Research

What your role would look like:

The Aging and Cognition Research Group examines fundamental questions on aging and cognition with a combination of cutting-edge virtual reality and neuroscientific methods. We are searching for student assistants to support our various research projects. The work of the successful candidate will involve assisting in the design and execution of research projects.

Your profile

- Ability to conduct empirical experiments with human participants
- Problem-solver, critical thinker and a keen eye for details
- Fluent in German and English
- Reliable, flexible and hard-working
- Experience with virtual reality technology will be a plus
- Experience in an academic research environment will be a plus

What we offer:

- A contract with up to 80 hours per month
- A long-term employment with flexible working hours
- Opportunity to gain experience with cutting-edge methods for behavioural and neuroscience research

If you have further questions about this position please email Prof. Dr. Thomas Wolbers (thomas.wolbers@dzne.de). To apply please submit a CV and a short statement of interest (max. 200 words).
